Why choose us....

We have found over the years that the basis for great working relationship is to work closely with our clients and to be honest about what all parties are looking for.

We pride ourselves in providing a professional and personal service supported by professional training and ARMA membership.

“ it is our ethos to keep our fees transparent and provide a personable professional service that’s sets us apart from other agents”

Malcolm Davis FCA
Director

Overview

We cover the counties of Dorset and Hampshire from Weymouth and Dorchester to the West, through Poole and Bournemouth, to Salisbury and Southampton in the East.

Understanding that all buildings are different and that requirements change is key to our management—we create bespoke solutions each time and our fees relate to the service that you require.

We always aim to provide exceptional service to our clients.

We manage a diverse range of properties, from small conversions to luxury purpose built blocks ranging in size from 4 units up to over 50 units

Choosing a managing agent

We understand that this can be a minefield; if you are dissatisfied now, jumping ship is risky and a huge amount of work for an individual or group to put the management out to tender.

On top of that how do you know what service you should be getting?

Asset are members of ARMA (“the Association of Residential Managing Agents”). This means we adhere to their strict standards and guidelines for your added protection and assurance.

Jasmine House, Bournemouth

Working with us as a management company

We are not here to impose ourselves on you. We pride ourselves in building relationships with leaseholders. That way you keep us informed especially if repairs are needed or workmanship has not been up to standard.

We carry our regular property inspections and liaise closely with our contractors who provide us with “another pair of eyes” on matters arising.

We have a small friendly office team who are available during normal working hours to deal with any problems arising.

We also provide a 24hour emergency call out contractor list.

We maintain work sheets for each property on our books which highlight each matter being worked on and by whom. This enables us to deal with issues effectively and regularly monitor progress.

When appointed as your agent we use a standard handover process, providing a list of information we require and contacting your existing agents to ensure a smooth handover of responsibility.

What makes us unique

Our accounting service has set procedures to handle everything from setting your annual budget to collecting your service charge and pursuing any arrears. Dedicated members of our team have many years experience in the financial and property environment.

All our blocks have segregated client designated bank accounts in which leaseholder funds are held -not only does this mean that your money is kept separate from our own office account but is kept safe in any eventuality. The accounts are held in accordance with ARMA's strict client money guidelines.

We reconcile all our accounts monthly so if you would like any up to date financial information this can be quickly made available. We can also make available invoices relative to expenditure incurred.

Transparency

We believe our charges are reasonable and competitive with the local market place.

We charge a fixed fee per flat per annum (subject to VAT at the prevailing rate). We base our charges on the estimated amount of work we anticipate to provide a full management service to your property. We do not charge hidden extras.

The only charges that we would typically charge in addition to our management fees are the following:

- Fees associated with the sale or transfer of individual units – normally charged to the seller
- Company secretarial such as acting as the registered office, filing annual returns for the freehold or management company
- Where there are significant works required at the property which are normally subject to the section 20 legal procedure – fees are negotiable at the outset.

Location

We feel strongly that we can only provide a premium service to blocks within easy reach of our Bournemouth office typically within 40 minutes travelling time.

This enables us to visit the block regularly to check on contractors, monitor and direct staff or simply to undertake routine site visits to check there are no problems.

We find that the best service is offered by local firms where we can provide a regular volume of work in return for a quality, timely and affordable service.

The Lighthouse, Bournemouth

Wessex Gate, Bournemouth

Communication

We are really proud of the process we have set up in the office. E mails are dealt with during the day if received on a working day or if not on the immediate following working day.

All calls to our office requiring feedback are logged for follow up action and only cleared when this has been completed.

We have a 24 hour answering service for out of hours calls and all blocks are issued with our emergency call out list (also posted on site) to cover for those unfortunate eventualities.

Professional Matters

We are proud accredited members of ARMA - the Association of Residential Managing Agents) the only dedicated and regulated UK block management association.
www.arma.org.uk

We are also members of The Property Ombudsman, a specific ombudsman scheme for residential leasehold management
www.tpos.co.uk

Professional Indemnity Insurance

We have full Professional Indemnity Insurance in place based on the recommended levels set out by RICS/ARMA..

Complaints Procedure

We adhere to the highest standards of practice and ethics complying with all the relevant codes.

We operate a formal complaints procedure in the event that there is dissatisfaction with our service. Full details are available on our web site

www.assetpropertymanagement.co.uk.

Our Team

We have a dedicated team with considerable experience in property related and block management matters.

Our whole team is dedicated to providing you with a personal service and assisting in managing your block.

We also have open plan working environment in our office which enables all staff to be kept aware of issues as they arise.

Matters are discussed by us on a daily basis as a means of keeping up to date.

Next Steps....

Bella Vista, Poole

We would love to meet up and go through our services in detail as we are sure you will have specific questions about your property and why you need a managing agent.

Normally a couple of members of our team will come to site – that way we get a real feel for the property and any issues. Meeting face to face gives you the chance to make sure you like us!

Meeting guidelines

If we can set up a convenient time to meet at your property we can discuss your current situation and discuss any formal documents you hold and have a walk through the building. This will make the meeting beneficial for all parties. We want to show you how having a managing agent makes life simpler and frees up your time for other things.

Ideally if you could bring copies of a sample lease, service charge accounts or budget this will help in our discussions.
